## FOR BETTER CORN

Indiana Farmers to Be Taught the Value of Proper Seed.

### IOWA "CORN WIZARD"

Plan Followed So Successfully by Prof. Holden to Be Inaugurated in This State.

A Special Corn Train Will Be Started Over the Last of This Month.

Indianapolis, Dec. 7.—As a result of the continued agitation in favor of the use of better seed, a special "corn train" is to be run through the northern part of Indiana during the closing week of this month. The plan followed by Prof. Holden, styled the "corn wizard" in Iowa, by which it was claimed that \$30,000,000 was added to last year's corn crop, will be followed closely in this state. The train will be manned by the best-known corn authorities in Indiana. According to the plan the corn experts will address the corn growers gathered at each scheduled stop. Specific instructions on the selection of proper seed corn will be given and the farmers will be admonished that it will mean dollars and cents in their pockets next year if they follow out the instructions regarding the selection and care of their seed corn. The innovation is in line with the practical field work now being developed in all lines carried on at the Purdue experiment station. According to the schedule which has been prepared, the train will leave Indianapolis Tuesday morning, Dec. 26. During that day the train will work up to Laporte, making thirty-minute stops at all of the leading places. On the second day the train will run from Laporte to Muncie. On the third day the start will be made at Rushville and the train will work back to Tipton, where a big night meeting will be held. On the fourth day the train will run from Tipton to Ambia on the Illinois line. The negotiations resulting in the decision to run this special corn train were conducted by L. W. Henley, a young Indianapolis newspaper man.

### BADLY MIXED UP

Strange Conflict of Evidence in Girls' School Hearing.

Indianapolis, Dec. 7.—That Miss Emily B. Rhoades kept her in a cell shackled and handcuffed when she was ill, and refused to allow her to be taken to the hospital, was the testimony of Myrtle Butler, a former inmate of the Indiana woman's prison and industrial school for girls, before the board of state charities during the investigation of Miss Rhoades' management. She made many charges of cruelty on the part of Miss Rhoades toward the inmates of the school. Other girls testified that Miss Rhoades had slapped them, but had otherwise been uniformly kind and courteous in her treatment.

"Miss Rhoades had been a mother to me," said one inmate, a bright girl of seventeen. Other inmates said much the same thing.

Edna Hilton, a former inmate, declared that Miss Keeley, former superintendent of the school, was more motherly than Miss Rhoades.

Several witnesses swore that Mrs. Kerr, formerly a laundry officer, struck them in the face at different times.

## SOON TALKED OUT

House Exhausted Canal Topic in Half a Day

### DETAILED ESTIMATES

The Lack of Such in Connection With Canal Work Was the Subject of Much Criticism.

Senate Has Begun Business in Earnest With Hundreds of Bills To Work on.

Washington, Dec. 7.—With an opportunity for unlimited debate on the subject of the Panama canal, the house exhausted its oratory on that subject in a session of four and three-quarters hours yesterday. The bill appropriating \$16,500,000 for canal work, which was the subject of discussion, was read for amendment today and placed on its final passage. The feature of the debate was the criticism indulged in by both Republicans and Democrats regarding the incompleteness of the statement of expenditures and estimates furnished by the canal commission. Mr. Hepburn, in charge of the bill, made some effort to show that while detailed estimates might be more satisfactory, at the same time members of the house were not in a position to pass critical judgment on estimates for such work prepared by expert engineers who held responsible positions and had been selected entirely because of their fitness.

Mr. Bourke Cockran of New York took decided exception to this attitude on the part of Mr. Hepburn, applied it as affecting all matters of appropriation, and arraigned it as decidedly the wrong attitude of legislators. To enforce his argument he read the sentiment of the president in his message for economy and scrutiny of appropriations. The so-called "press agent" of the canal commission was criticised by several speakers and lack of definite information as to the existence of such a position was shown. The place was declared to carry a salary of \$10,000 a year and some curiosity was manifested to know what were its duties.

The senate has begun business in earnest. The session yesterday was of only little more than two hours' duration, but in that time several hundred bills and resolutions were introduced and referred to committees. There were resolutions dealing with the question of the national regulation of insurance companies, the incorporation of interstate railroad companies and the contribution of funds to political parties by national banks.

### SAKHAROFF IS SLAIN

Governor General of Saratoff Assassinated by a Woman.

London, Dec. 7.—The St. Petersburg correspondent of the Daily Telegraph in a dispatch dated Dec. 5, says: "Lieutenant General Sakharroff, former minister of war, was assassinated today. The government had deputed General Sakharroff to visit the province of Saratoff for the purpose of quelling the agrarian riots there. A

GENERAL SAKHAROFF.

woman belonging to the so-called 'Flying Column' of the revolutionary movement called at the house of the governor at Saratoff at noon today and asked to see General Sakharroff. She fired three revolver shots at the general, killing him on the spot.

"The event has created a profound impression in St. Petersburg, owing to fears that the revolutionists here will follow the example thus set. The specter of a military dictatorship, which has been looming on the horizon, is slowly gaining consistency and sharpness of outline. I am informed on excellent authority that a revolt of the St. Petersburg garrison is certain to occur. The newspapers print harrowing details of the whipping by order of General Sakharroff of the peasants whom he was sent to pacify."

The Shadow of the Gallows. Windsor, Vt., Dec. 7.—Mrs. Mary Rogers, who will die on the gallows Friday for the murder of her husband, is broken down, sleeps little, eats nothing and is in a state of total collapse. Hour after hour she sits gazing into space indifferent to anything and everything, moaning at times, seldom crying.

### PATRICK SENTENCED

New York Lawyer Must Go to the Electric Chair.

New York, Dec. 7.—After making a final personal appeal to the court in his own behalf, Albert T. Patrick, the lawyer convicted of the murder two years ago of William M. Rice, was last night sentenced to die in the electric chair in the week beginning Jan. 22 next. Sentence was pronounced by Justice Rogers in the criminal branch of the state supreme court. Notice at once was given that an appeal to

ALBERT T. PATRICK.

the supreme court of the United States on a writ of error will be taken. The application for the writ, it is said, will act as a stay of execution. Patrick was taken back at once to Sing Sing.

Patrick listened twice during the afternoon to a rehearsal of all the details of his case by the district attorney, and it was long past midnight when, apparently feeling that the court was about to decide against him, he arose to speak in his own behalf. Once during the proceedings Patrick had been asked by Justice Rogers if he had anything to say before sentence should be passed on him, and had remained silent by direction of his lawyers. As the case neared a close Patrick grew restless while listening to the arguments, both for and against him, and arose unexpectedly in his place and pleaded to be heard.

His action caused a stir in the crowded courtroom, and the lawyers awaiting the court's permission to proceed. This permission was finally granted and Patrick spoke for nearly fifteen minutes. His voice, at first a bit husky, grew clearer as he proceeded, and judges, attorneys and all in the court listened attentively, apparently impressed by the unusual situation.

The crush to secure admittance to Justice Rogers' branch of the criminal division was so great that police reserves from several stations were summoned to preserve order.

When Patrick had been allowed to proceed in his own behalf he urged that there was no direct evidence that Rice had been killed, and reiterated his claim that he had been convicted on manufactured evidence. Justice Rogers then ordered Patrick to stand up and sentence was pronounced.

## DEPEW GETS OUT

Venerable Senator at Last Succumbs to Public Opinion.

### HE' CALL THE NEXT TO GO

President of New York Life Insurance Company Sees the End of His Fat Perquisites.

Senator Depew's Resignation From Equitable Offers No Reason For the Step.

New York, Dec. 7.—The resignation of United States Senator Chauncey M. Depew as a director of the Equitable Life Assurance society is one of the most interesting recent developments in the situation growing out of the life insurance investigation. The senator's resignation was tendered to President Paul Morton of the Equitable society, in a brief note, in which no reason for it was stated.

The report is published today that President John A. McCall of the New York Life Insurance company will resign from that company before the next annual meeting of the trustees in April, and that, if he does not tender his resignation at a meeting of the trustees next Wednesday he will refrain only at the request of the trustees, who, the report said, do not wish to have to elect a temporary president. The published report also stated that the presidency of the New York Life has been offered to John Clafin, a trustee of that company and president of the H. B. Clafin company, and that Mr. Clafin has refused to accept the office.

The attention of the legislative investigating committee was devoted yesterday chiefly to the affairs of the Security Mutual Life Insurance company of Binghamton, N. Y., whose president, Charles M. Turner, was on the witness stand most of the day. His testimony and the reading of many contracts served to describe in detail the organization of the Agency and Investment company of Binghamton in 1893. This company paid the salary of the president of the Security Mutual Life Insurance company at first; advancing it money amounting to \$87,000, agreed to furnish it with insurance business at the rate of five million dollars a year, and received in return a 5 per cent commission on all new premiums on the insurance written by the company. The stock of this agency company, which amounted to \$125,000, President Turner said, was issued to himself and his associates in the Security Mutual Life in payment for the money they advanced to the insurance company. It covered also, he said, \$10,000 compensation to himself and what Charles E. Hughes, counsel for the committee, called "a \$28,000 of velvet."

President Turner testified that the agency company collected its commissions, but did not furnish the insurance it promised. After two years the stock of the agency company was increased to \$175,000, and of the \$50,000 increase \$40,000 was advanced directly to the insurance company and \$10,000, Mr. Turner said, was advanced to Moton D. Moss, a general agent of the company. A new contract was then made between the two companies by which the insurance company agreed to pay to the agency company enough money annually to pay the salary of President Turner, the expenses of the agency company, and also 12 per cent dividends on the whole of the company's stock.

President Turner said that contract is still in force. He testified that he now holds \$20,000 of the agency company's stock and that most of the officers and directors of the Security Mutual Life Insurance company own stock in the agency company.

Mr. Hughes asked President Turner if he adopted the agency plan in preference to making the insurance company into a stock company. Mr. Turner replied that he could not have made the insurance company into a stock company and that the company needed the advances which were made by the agency company.

### Mr. McCull Talks.

New York, Dec. 7.—Regarding the report that he was about to resign the presidency of the New York Life Insurance company, John A. McCall said today: "I believe that the policy holders are for me. Nobody has asked me to resign, and I do not expect to."

### Drugged Into Submission.

Girard, Kan., Dec. 7.—Mrs. Ina Berry, who since Friday last has held the town officials at bay from her fort in the toilet-room of a "Prisco" railway coach on the tracks here, was removed yesterday afternoon after she had been partly overcome by the fumes of ammonia. A bundle of rags saturated with the drug had been pushed through the window of the toilet-room. Before surrendering Mrs. Berry fired one shot at her captors, but without effect.

### Threw Bodies in Lake.

Salonica, European Turkey, Dec. 7.—The kaimakam of Yenidje reports that he has found in Lake Yenidje the bodies of forty-four Greeks and Bulgarians who were killed during the recent fighting.

### GOVERNOR COMMENDED

Executive Attitude in Matter of Cheaper Fares Loudly Praised.

Indianapolis, Dec. 7.—Governor Hanly is receiving letters from business and traveling men in all parts of the state commending his stand for the abolishment of the present form of mileage book and a return to the old style of paying \$20 for a thousand-mile book from which the conductors tear the number of miles a passenger wants to go. Organizations of commercial men are especially active in endorsing his attitude. Governor Hanly expects to leave for Chicago Friday afternoon for a conference with representatives of the Central Passenger association and manufacturers and wholesalers representing the middle states. It is said that he hopes to induce Governor Deneen of Illinois and Governor Herrick of Ohio to cooperate in the movement. If the passenger association refuses to give up the present system it is said that Governor Hanly will try to obtain a flat rate of two cents a mile for all classes of passengers by bringing charges of discrimination against the roads before the railway commission. If he falls there it is said that he will place the matter before the next legislature and ask for the passage of a 2-cent-a-mile law.

It is very likely that there will be an effort to postpone the hearing of ex-Auditor of State David L. Sherick, who is under indictment on the charge of embezzlement and conspiracy to defraud. The trial is set for next Thursday and Prosecutor Benedict has declared publicly that he will not permit another postponement, but it is likely that very strong pressure will be brought to bear on him by Sherick's friends. It is learned that Receiver John Reed has over \$44,000 in the bank to apply on Sherick's shortage, and that there is but \$1,000 more to make up. Arrangements have been made to have this taken care of and the entire shortage could be wiped out in a day or two, but Attorney General Miller is insisting that the final payment shall be withheld until the experts complete the investigation of Sherick's books. They have been at work for several weeks and are not half through. Sherick's friends are insisting that in fairness to him the condition of his books should be introduced as evidence during the trial, and on that ground they will ask for postponement of the hearing until the experts make their report. They are confident that the experts will find all the books in good shape.

A meeting of the state and district officers of the Lincoln League of Indiana was held here this afternoon to arrange for the biennial meeting at Marion, Feb. 12 and 13. Charles Willard McGuire is now president of the league and George Hellman of Evansville, secretary. The annual meeting to have been held last winter was postponed because of lack of interest, but the party leaders hope to have a big affair at Marion, as it will be right on the eve of the opening of the state campaign. An effort will be made to have three or four speakers of national reputation on the program.

It begins to look as if there will be a hard fight here for Republican district chairman. Oliver Ensley, county treasurer, has been an avowed candidate for some time, and is doing a lot of work. William Bosson, a well-known attorney, who was a member of the last legislature, is also a candidate and is very hopeful of being able to win. Both Ensley and Bosson are intimate friends of Mayor-elect Bookwalter and supported him actively during the recent campaign.

### Shot His Stepfather.

Fort Wayne, Ind., Dec. 7.—Jay Davis of Steuben county was arrested on the charge of shooting his stepfather, Charles Johnson, with intent to kill. Johnson and his wife had a quarrel in which Johnson is said to have struck his wife. Jay Davis, son of Mrs. Johnson by a former husband, heard of the quarrel, and when he met his stepfather in the roadway he accused him of striking his mother, and he shot his stepfather.

### All in Twenty-Four Hours.

Lafayette, Ind., Dec. 7.—A stranger registering as George Chandler of Cincinnati was arrested for stealing an overcoat which was found in his possession. Within twenty-four hours he had been convicted and committed to the state prison under the indeterminate sentence act.

### Wyoming Mine Disaster.

Cheyenne, Wyo., Dec. 7.—Eleven bodies were recovered from the Diamondville mine last night, making fourteen bodies so far recovered. The four that remain have been located and will be recovered without difficulty.

### The Treasury Deficit.

Washington, Dec. 7.—The annual report of Leslie M. Shaw, secretary of the treasury, shows a deficit for the fiscal year 1905 of \$23,004,235.60. The total receipts for the year were \$977,101,269.95, and the expenditures were \$720,105,498.55.

### Fatal Hunting Accident.

Martinsville, Ind., Dec. 7.—Ansel Davis, thirty-five years old, while hunting, was accidentally shot in the face by a friend, and the wound is considered fatal. Davis is a man of family.

### New Job for Buffalo Bill.

London, Dec. 7.—Colonel William F. Cody has been officially appointed instructor to the balloon companies of the royal engineers at Aldershot.

### Cannot Withdraw.

Judge Macey of Winchester has made an important decision regarding the Moore liquor law. Last June a general remonstrance was filed against liquor business in the Second ward of Winchester and on this general remonstrance all liquor licenses were refused in that ward, according to the Moore law, as passed by the last legislature. After this act of the commissioners the saloon keepers secured a number of withdrawals from the remonstrance, making enough according to numbers, to invalidate the remonstrance. Judge Macey held that these signers of the remonstrance did not have a right to withdraw their names after once signing.

## USEFUL HOMEMADE GIFTS.

Hand Work Always Appreciated.

For Christmas gifts there's nothing in the world more appreciated than hand work. It can't be got up in a hurry—a careless last minute gift. The broderie anglaise collar illustrated is a charming gift easily made at home. Such a collar is a dainty and becoming finish to a bodice, but is too expensive when purchased for most of us to indulge in. Yet the design which makes it beautiful is readily worked, and the material only a bit of handkerchief linen exquisite in quality, but too

BRODERIE ANGLAISE COLLAR.

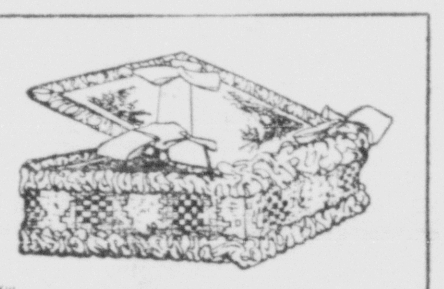

small to be an item of much expense. The collar may be made for \$1, and your true needlewoman revels in placing each perfect stitch. The design is a French one carried out in broderie anglaise and all over embroidery. It is cut in three sections. A design of morning glories is drawn in each section and worked with mercerized white cotton in satin stitch. Between this flower pattern are bunches of berries done in eyelet work. The entire collar is buttonholed around.

Chemisettes and collar and cuff sets, with cuffs deeper than ever, are being made now for Christmas giving. Richelleu work, which is just buttonholing and cutting out for a design with the too open spaces held firm by buttonholed threads, is very popular for ornamenting these sets.

Another pretty collar and cuff set is made of several lines of punched out holes arranged in Indian file.

In table linen the crocheted centerpieces are hardly more than large centerpieces are newest. This work is a cross between Richelleu and lace work. The effect is gained by buttonholing around bits shaped like old jewel work designs and is then cut out carefully and the openings filled in with the prettiest lace stitches. Between the scallops of the edge runs tiny buttonholing, made lace fashion by casting stitches across the back and working over them for foundation.

Among the little things that are hardly more than a Christmas card are pin

HANDKERCHIEF CASE.

cases. Those with heads silhouetted in black water color paints on a background of colored linen, with black headed pins stuck around the edges, make mighty useful and acceptable gifts.

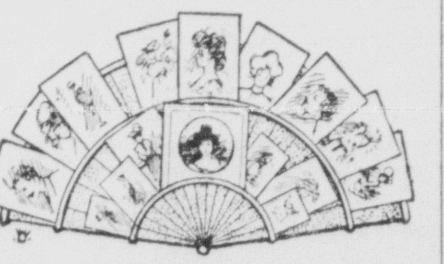

A bureau basket fashioned like one of the collapsible wastebaskets in miniature is a pretty trifle. It is not more than three inches high, and both sides and base are made of silk finished separately and joined with narrow ribbons. The basket is left entirely empty or is partly filled with tape measure, scissors, thimble and emery. On one side outside is a pocket gathered on an elastic. On another is a fat pin cushion and a third has a needlebook. The fourth is plain so that the basket may be set flat against the back of bureau or dressing table.

The handkerchief case seen in one of the cuts is a dainty affair evolved from a cardboard box covered with embroidered strips finished top and bottom with a puffing of silk. Across the lid diagonally is stretched a piece of wide satin ribbon with a pretty bow on each end.

### PHOTOGRAPH RACK.

An Attractive Christmas Present Easily Made at Home.

A rack for holding special favorites among the photographs of personal friends is an excellent present for Christmas. It is quite easy to make one out of a strong piece of cardboard cut in fan shape and covered with linen or silk of a good art shade. Then a network of ribbon should be made, going across and across, both on the straight and diagonally, and fastening

FAN PHOTOGRAPH RACK.

the ribbons to the cardboard wherever they cross each other with brass drawing pins or strong paper fasteners. If the latter are used, it will be necessary to pierce holes for them with a small stiletto or sharp penknife.

The photographs are slipped through between the ribbons which hold them in place, and about forty or fifty can be disposed of in this manner. The rack forms an attractive feature in a man's room when hung on the wall, or it may be used to conceal the back of a piano and be draped round with pongee silk.

### INDESCRIBABLE OPPRESSION

Urgent Need for Relief of Persecuted Russian Jews.

London, Dec. 7.—The secretary of the committee which was appointed by the recent conference held here under the chairmanship of Lord Rothschild to take charge of the distribution of the funds collected for the relief of Jews in Russia, gives out the following dispatch from the traveling commissioners, who are now working in various parts of Russia, securing data and statistics for the guidance of those who are distributing the funds: "After a personal inspection, we can report that the destruction is indescribable. Hundreds of shops have been destroyed and business is at a standstill. The damage amounts to millions of roubles."

"Forty thousand persons are affected in Kieff alone. Several small towns which had Jewish sections have been entirely burned and the people are sleeping in the fields." The traveling commissioners say that 171 towns have been the scene of Jewish massacres. These figures do not include a number of villages and Siberian towns, many of which suffered from the anti-semitic madness. Writing from Kieff under date of Dec. 1, the commissioners say that the town was then in open riot and that firing was continual. The secretary said that up to date \$2475,000 had been contributed. This sum included \$1,000,000 from the United States.

## A Warm House and a Well Cooked Meal

Are about all a man needs in cold weather to make him comfortable, happy, and contented with living.

Any one of our large variety of hard and soft coal will keep the house warm and will cook a meal as it should be cooked.

Every grade of coal we have in stock is clean, a free burner, and, in fact, first class in every particular and our prices are no higher than you would have to pay at other places for poor fuel.

We are still selling Raymond City Soft Coal, which has no superior, for only \$2.75 per ton. If you want coal that will prove to be the kind of fuel to meet every requirement order Raymond City.

We also handle the best coke, and all kinds of blacksmithing fuel.

THURSDAY DEC. 7, 1905.

RESIDENT ROOSEVELT makes rare legislation the most important subject to be considered by congress this winter. The mere fact that such a man looks upon this question in such a way is reason why everybody should give attention to it, and the fact that this man is president of this great country emphasizes this thought.

EVERY body will agree with those who proclaim that we need as extensive a market as possible in foreign lands, but there are differences of opinion as to the best way to get it. One way proposed is to throw away the market we have at home to begin with. Take the political prejudice out of this and everybody would say that it is an unspeakably silly proposition.

WHEN tax-payers cease to sequester property and when they make a complete report to the assessor, then the grafter will go out of business. There is little relation between the two, perhaps, but they are both animated by exactly the same kind of human nature, and when we get rid of that kind of human nature, there are a good many things that will be very much different.

WITH only eighteen days remaining before Christmas the holiday business this year will probably be done with a great rush during the last few days. The weather has been so fine that it is difficult to realize that the holiday season is at hand. Our wideawake merchants are displaying their holiday goods now and advertising the things they have to offer. It will be to the interest of both shopper and merchant to have the trading done early.

DOWN at Mitchell the town marshal is in a predicament. Seven saloon men in the town have been arrested on the charge of permitting gambling in their places of business. One affidavit charges that the town marshal participated in a game of poker run by one of the defendants. If this is true Mitchell has a marshal who is a fine specimen for a peace officer. Imagine how law breakers would tremble before such an officer. If this affidavit does tell the truth the people of Mitchell must feel chagrined and the marshal himself cannot regard his official integrity very highly.

Tucker, Dr. G. G. Graessle, Dr. W. M. Casey and Marshal Lon Prewitt, of this city. The case was called for trial this forenoon.

## May Lose a Limb.

Rev. C. W. Lee recently had his injured knee examined with an x-ray which revealed a tubercular or cancerous affection which will probably cause an amputation of the limb.—Madison Courier Dec. 1.

Rev. Mr. Lee has a number of acquaintances in Seymour who will regret to know of his serious affliction. He was the republican candidate for congress in the fourth district a few years ago.

### Estate Settled.

The estate of the late Sam Crowe, the engineer on the Pennsylvania who was killed in the Cornbrook disaster, near Columbus one year ago, was wound up in the Clark Circuit court Monday. Percy S. Crowe, administrator, a brother of the deceased man, filed a final report. He showed that he had received \$125.95 and \$7,000 from the railway as compensation, making a total of \$7,125.95. He reported that he had paid to the widow, Mollie Crowe, \$2,450.35, including the \$125.95 which she took as her share of her \$600 and in addition to the furniture. To himself, as guardian of Myrtle F. Percy and John Crowe he paid \$4,650 and the balance \$25 was paid in expenses.—Jeffersonville News.

### The Christmas Fund Meets a Hearty Response.

Contributions continue to come in for the Daily REPUBLICAN Christmas Fund. "I want to add a little to that Christmas fund, for I think it is a good thing" is what nearly everyone says who hands in a contribution. No soliciting being done by the REPUBLICAN. The gifts are all voluntary and represent the generous desire of the donors to add to the Christmas cheer in many homes in Seymour where Christmas has been only a name.

The employees of the Hide and Leather Co. came in this morning with a good contribution adding \$4.25 to the fund and each contributor will have his share in making somebody happy at Christmas time.

### Resolutions.

HALL OF SEYMOUR, CAMP 3261, M. W. A. [DEC. 6TH, 1905]

Again the hand of death has visited our camp and taken away one of our beloved members, Edgar D. Howerton; once more we are impressed with the fact that all things earthly must perish.

Neighbor Howerton lived among us but a short time yet he endeared himself to this camp, and his friends because of the honorable and upright life which he led. He was an active and faithful member, a kind and indulgent husband and father, true to every duty and obligation in life. Therefore, be it

RESOLVED, That Seymour Camp, No. 3261, M. W. A. hereby expresses its deepest sympathy for the bereaved widow and family. That a copy of these resolutions be spread on record on our minutes; be published in each of our city papers and a copy also sent to his sorrowing relatives.

### State Grange.

Rooms have already been engaged for 150 out of town people who are expected to attend at Seymour next week the meeting of the Indiana State Grange, which will be in session there on Tuesday, Wednesday and Thursday, December 12, 13 and 14.

There will be a delegation of twenty one from South Bend. That number have already reported from there.  
As these dates are the same as the farmers' county institute here, it is not likely so many will go from Bartholomew county.—Columbus Times.  
Columbus made an effort to get the State Grange meeting but were beaten out by Seymour. Now are we to understand that they have arranged an attraction of their own to keep the Grangers at home?

### Broke Freight Record.

The Pennsylvania railroad broke all records last month for handling freight over its system. During November 185,000 cars pass Mifflin, a station on the middle division. They composed 3,764 trains. To move this vast amount of traffic required that five trains pass a given point every hour in the month. This was an increase of 21,658 loaded cars over the corresponding month last year.

## Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of a gripe with all its miserable symptoms," says Mr. J. S. Eggleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These tablets promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by C. W. Wilhous.

# WEAK HEART'S

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

## Kodol

### Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured. MRS. LORING NICHOLS, Penn. fan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me. D. KAUBLE, Nevada, O.

The Key That Unlocks The Door to Long Living.

The men of eighty-five and ninety years of age are not the round well fed, but thin, spare men who live on a slender diet. Be as careful as he will, however a man past middle age, will occasionally eat too much or of some article of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age. For sale by C. W. Milhous.

## AN EXCURSION TO CUBA.

Two Indianapolis Teachers Arranging for an Interesting and Attractive Midwinter Outing From

DECEMBER 22 TO JANUARY 2, INCLUSIVE

Before the Spanish-American War, Cuba was no better known to the average American than any other of the many islands adjacent to the continent, but today this Island, with its chief city, Havana, is attracting more attention than all the others combined.

Pursuant of many requests, which come to Messrs. Hall & Forsyth of the Indianapolis High Schools, by persons who had accompanied them on other trips, for an excursion to Cuba, they visited the Island in June, and now have every detail arranged for what promises to be the most attractive outing of the season.

The party will leave Indianapolis, Indiana, via the Pennsylvania Lines to Louisville, Ky., thence via the Louisville and Nashville Railway to Mobile, Ala., where they will board the Munsie Line steamship, "Prince George" for Havana, covering an itinerary of over three thousand miles in twelve days; two of which will be consumed in the trip on rail, over the beautiful country between Indianapolis to Mobile, and return; four on the ocean and six on the Island of Cuba.

The ticket will cost seventy-five dollars, and will cover every expense except meals while in Havana.

A beautiful booklet, containing one hundred and twenty-five pages of information and descriptive matter, is now ready for distribution.

If interested in this trip, write the managers, or
